### Virtue of the Week

#### Tact

Tact is telling the truth kindly, considerate of how your words affect others' feelings. Think before you speak, knowing what is better left unsaid. When you are tactful, others find it easier to hear what you have to say. Tact builds bridges.

THE VIRTUES PROJECT™

### Hello everyone

Our **Tournament of the Minds Team** have been working hard over the first 5 weeks of this Term and they will be ready to present their completed presentation this Sunday at the Regional Final at Kingscliff. This Friday, in preparation, they will be presenting their work straight after our assembly at 9:30am in the library. It would be great to have lots of parents in attendance to see what they have come up with! We wish them all luck on Sunday!

This Thursday, our budding scientists will be sharing their work from this term at our annual **Science Expo**. Based on the concepts from our class novel study Charlie & The Chocolate Factory, there will be many interesting things for all to experience so come along from 2pm and check it out for yourselves! See you in the Library from 2pm!

It was great to see Healthy Harold again yesterday as he shared all his knowledge about how to keep our bodies healthy. The students will be completing activities throughout the remainder of this Term based on yesterday's Life Education presentations.

There are some fun competitions over the next few weeks that our Senior students will be participating in. Tomorrow is the United Permanent Maths Comp and next week is the VALID Science Assessments. Good luck to all our competitors!

A big Eureka welcome to our newest students Drew & Percy. It is wonderful to see that you have both settled in so quickly.

**Have a great week!**

## SENIOR CLASS SRC KIVA PROJECT

Our Student Representative Council raise funds throughout the year to support various causes. This year we have discovered an amazing new website called KIVA where the students can engage with various support agencies across the world and finance business loans for individuals to support economic development and growth. The students have worked in small groups to research various requests and have funded 4 x \$25 business loans which will be repaid over the next 12 months and then reinvested again and again. We have set up a link to our KIVA Group and hope that many of you will consider participating in this method of donating through loans. The students will be tracking each business they loan to and will be reporting on the journey in coming weeks. Check it all out at:

## Eureka Senior Science Expo Thursday 24th August

**2.00pm**

All parents and friends are invited to our Wonky Wonka Science Expo in Miss Georgia's Class at 2.00pm.

This is a show case of their real life investigations conducted over the last two terms.

The students look forward to this opportunity to share their learning journey through S.T.E.A.M. Miss Georgia
